WELCOME MESSAGE

Upper Extremity Masterclass Part I: Arthroplasties

Dear Esteemed Faculty, Participants, and Guests,

It is with immense pride and enthusiasm that we welcome you to the Orthopaedic Cadaveric Course: Upper Extremity Masterclass Part I – Arthroplasties. Over the next three days, we embark on an exceptional journey of education, collaboration, and innovation, focusing on arthroplasties of the shoulder, elbow, CMC1, MCP, PIP, and wrist.

This masterclass is designed to provide a unique blend of immersive learning experiences. Through hands-on sessions in our wet lab with cadaveric specimens and live surgical demonstrations, we aim to bridge the gap between theoretical knowledge and practical application. This format allows us to delve into the intricacies of anatomy, refine surgical techniques, and explore the latest advancements in upper extremity arthroplasty, all under the expert guidance of a distinguished faculty.

Our collective mission is to advance patient care by equipping ourselves with the skills and insights necessary to tackle the complex challenges of reconstructive surgery. This course represents more than just skill-building; it is a forum for collaboration, innovation, and the exchange of ideas that propel our field forward.

We extend our deepest gratitude to the organizers, faculty, and sponsors who have worked tirelessly to make this event possible. Your dedication underscores the importance of education and excellence in orthopaedic practice.

As we embark on this enriching three-day journey, let us embrace the spirit of learning, share our expertise, and inspire one another to elevate the standards of care in upper extremity arthroplasties.

Here's to a transformative experience for us all!

THE PRESIDENTS OF THE COURSE

Sarris Ioannis MD, PhD

Associate Professor of Orthopaedics
Aristotle University of Thessaloniki

Chrysanthou Chrysanthos MD, PhD

Associate Professor of Orthopaedics
University of Western Macedonia
Consultant Orthopaedic Surgeon
Southend University Hospital, UK

Packer Gregory

Consultant Orthopaedic Surgeon FRCS (Ed),
FRCS (Orth), Southend University Hospital, UK

Thursday 20/2 - Lectures & Live Surgery

☞ Teloglion Foundation of Arts A.U.Th.

Friday 21/2 - Hands On

☞ Laboratory of Anatomy, A.U.Th.

Saturday 22/2 - Lectures & Live Surgery

☞ Teloglion Foundation of Arts A.U.Th.

Day one

Thursday 20th February 2025

☞ Teloglion Foundation of Arts A.U.Th.

08:30 - 09:00 Registration

Session I Shoulder Arthroplasty: G. Packer, I. Christoforidis

09:00 - 10:45 Live surgery - Reverse shoulder replacement.

10:45 - 11:15 Coffee Break

11:15 - 11:25 Do hemi-arthroplasty and anatomical replacement still have a role?

D. Varvitsiotis

11:25 - 11:35 Planning for the complex glenoid, surgical exposure of the glenoid, essential steps and top tips.

I. Ferousis

11:35 - 11:45 Position and balancing of RSR in massive cuff tears.

I. Polyzois

11:45 - 11:55 The current role of 3D printing and patient specific implants in shoulder arthroplasty.

C. Schmidt

11:55 - 12:05 Shoulder arthroplasty literature overview.

D. Stamiris

12:05 - 12:15 Nerve injuries during Reverse Shoulder Replacement (RSR): Causes, Prevention, and Management.

Z. Kokkalis

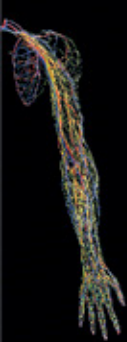

12:15 - 12:25 Major complications - RSR

G. Arealis

12:25 - 12:35 Complications of radial head arthroplasty.

P. Givisis

12:35 - 12:55 Light Lunch

Organization

Day one

Thursday 20th February 2025

📍 Teloglion Foundation of Arts A.U.Th.

Session II Elbow Arthroplasty: I. Sarris, S. Sourmelis, Ch. Sinopidis

12:55 - 15:25	Live surgery - Total elbow replacement.
15:25 - 15:35	Alternatives to total elbow replacement. S. Sourmelis
15:35 - 15:45	Elbow arthroplasty tips and tricks. D. Sotereanos
15:45 - 15:55	Elbow arthroplasty design, Hemi v total, linked or non linked. K. Ditsios
15:55 - 16:25	Coffee break
16:25 - 16:35	Role of radial head arthroplasty. L. Papatheodorou
16:35 - 16:45	How close we are to the perfect design of RHA? O. Savvidou
16:45 - 16:55	The current role of 3D printing and patient specific implants in TEA. G. Arealis
16:55 - 17:05	Radiocapitellar arthroplasty - Current concepts Ch. Ntinopoulos
17:05 - 17:15	Final Questions and discussion

End of day one

Day three

Saturday 22nd February 2025

📍 Teloglion Foundation of Arts A.U.Th.

Session I Wrist replacement: Ch. Chrysanthou, G. Packer

09:00 - 11:00	Live surgery - Total wrist replacement.
11:00 - 11:30	Coffee Break
11:30 - 11:40	Alternatives to wrist replacement does fusion still have a role?
	P. Giannakopoulos
11:40 - 11:50	Indications for wrist replacement in inflammatory and noninflammatory disease.
	P. Kanellos
11:50 - 12:00	Wrist arthroplasty, is SNAC or SLAC O/A an indication?
	Z. Dailiana
12:00 - 12:10	Tips and tricks in wrist replacement.
	G. Packer
12:10 - 12:20	Outcomes and literature review.
	V. Tsiampa
12:20 - 13:00	Light Lunch

Saturday 22nd February 2025

☞ Teloglion Foundation of Arts A.U.Th.

Session II CMC, MCP and PIP joint replacement: **R. Estfan, P. Papadopoulos**

13:00 - 15:00 Live surgery - CMC & MCP joint replacement.

15:00 - 15:10 Alternatives to CMC joint replacement.

D. Arapoglou

15:10 - 15:30 Tips and tricks in CMC joint replacement.

R. Estfan

15:30 - 16:00 Coffee break

16:00 - 16:10 Treatment options for PIP joint arthritis.

N. Zagoraïos

16:10 - 16:20 Treatment options for MCP joint arthritis.

A. Venouziou

16:20 - 16:30 Outcomes and literature review.

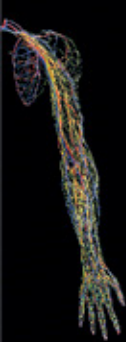

D. Kotsaki

16:30 - 16:40 Major complications - PIP Arthroplasties.

D. Papadopoulos

16:40 - 16:50 Final questions and discussion
